Summer Crop Input Finance

Are you financially ready to plant your summer crop?

Get ready with Agfarm Accelerate.

What is Agfarm Accelerate?

Agfarm Accelerate is a line of credit for all your cropping input needs such as agchem, fert, fuel, seed, water and crop insurance. It's secured against your future crop and repaid after harvest.

Accepted commodities?

You can use Agfarm Accelerate to grow all types of grains, oilseeds and pulses.

How do I repay?

The facility is repaid through crop sale proceeds before July 15th. You're not locked into any one buyer and you can choose who you sell to.
